

Neonatal Nutrition Network Study Day 2014

Venue: Events Centre, Stewart House, 32 Russell Square, London WC1D 5DN
Date: Thursday 3rd July, 2014

This multi-professional study day will explore a range of topics related to the nutritional needs of premature and sick babies. Following talks from expert speakers, participants will have the opportunity to apply their knowledge to a range of case studies in small multi-professional groups.

This course will be of particular benefit to medical staff of all grades working in Neonatology.

Who should attend?

- Neonatologists
- Paediatric trainees
- Doctors working in Neonatology including HSTs
- Dietitians
- Pharmacists
- Surgeons
- Gastroenterologists

Topic highlights include:

- Importance of neonatal nutrition knowledge for the neonatologist - **Dr Alison Leaf**
- Physiology and transition from in utero to ex utero nutrition - using nutrition to improve outcomes - **Dr Nick Embleton**
- Neonatal parenteral nutrition - what and how much? How much protein and which lipid? - **Dr Sabitha Uthaya**
- Neonatal enteral nutrition - what, how much and how to promote good nutrition without increasing the risk of NEC? - **Caroline King**
- Neonatal Nutrition: short and long term outcomes - **Professor Neena Modi**

Cost: £150
